The Centre not only aims to create and promote an environment conducive to clinic-based education but also to inculcate social, moral, and ethical values in the students.

ABOUT THE NATIONAL LAW FEST

3rd National Law Fest is a hybrid event that offers a wide range of legal activities to advance law students' clinical abilities and practical knowledge. This series of events is being carried out at the university for the third time. The First National Law Fest was a huge success, drawing students from all across the country and exposing them to events like Moot Court, Crime Scene Investigation, Client Counselling, etc., giving both the competitors and the organisers of the event valuable experience. The entire idea behind this event was to promote "for the students, by the students, from the students" culture. Law Fest 2.0 was a huge success among the law students all across the nation. It saw a boom in the online events such as PIL Drafting, Legal Article Writing, Case Commentary and Legislative Review. The offline events including Moot Court and Crime Scene Investigation were also a huge success.
