

## Medical Facilities

**Health/Medical Centre:** - The University is cognizant of its responsibilities. Health Centre of Shoolini University is equipped with sufficient facilities to accommodate the medical needs of the students and staff. Dr. Mohit Gupta (MBBS) medical doctor is supported by other paramedical staff such as resident staff nurse, pharmacist and lab technician. The health Centre has medical consultation room, dispensary, dressing room and a pathology lab. The beds in the Centre are supplied with oxygen cylinders and oxygen concentrator. Ambulance is available and 24x7 Ambulance service is provided to students and staff. Free Health camps and check-ups are organized regularly for the faculty and staff. Doctors from leading hospitals are engaged for medical and dental checkup of our employees. Generic medications are available within the campus especially in the hostels, at the Health Center, and in the Gym.
