

**Local water stream- Ashwani Khadd cleaning drive with Healing Himalayas**

Regular cleaning campaigns are organized in and around campus as a part of the Swachh Bharat Campaign. A cleaning campaign was organized at the riverside area near Xanadu Café situated at Ashwani Khadd in collaboration with Healing Himalayas. More than 60 volunteers spent several hours cleaning up the stream which has fallen prey to tourism vagaries. The beautiful water body is often littered with plastic and other garbage. The garbage collection was segregated and sent for proper disposal. The team from Healing Himalayas and the volunteers interacted with the locals sensitizing them about the growing menace of plastic.

**Volunteers carrying bags filled with plastic.**

**Volunteers with bags full of plastic collected by them.**

## Promoting conscious and safe water usage at Local Schools

In a benevolent act aimed at fostering a sense of environmental responsibility and promoting clean water awareness, Shoolini University recently extended its helping hand to a nearby local school. As part of their ongoing commitment to social and environmental causes, Shoolini University donated a state-of-the-art Reverse Osmosis (RO) water filter to the school, thereby initiating a positive change in the lives of the students and the local community. This act of generosity and responsibility highlights Shoolini University's dedication to fostering a sense of consciousness about water usage and the importance of clean water in our daily lives. The RO water filter, known for its superior filtration capabilities, is designed to provide pure, safe, and clean drinking water. By making this donation, Shoolini University aims to not only ensure access to clean and potable water but also set an example for the importance of sustainable and conscious water usage.

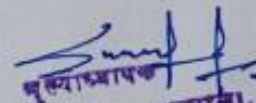

Dated  
2nd October-2022.

Dear Mrs. Poonam. Nanda,

We are very thankful to you and your student's of Shoolini University, who gave us water purifier to our student's of G.P.S. Mantheli. We are providing now pure water to our children. and use it very well.

Thanks.

Appreciation letter from the school

## **Empowering Minds: Shoolini University's Water Management Awareness Event in Collaboration with St. Luke's**

An extremely informative event was held to create awareness against the wastage of water by the students of St Luke's. Nukkad Natak on the topic of 'Save the water was enacted in Shoolini University. It is a very relevant issue that our society is facing these days, especially the depletion of groundwater and the throwing of waste in the water bodies of the Himalayan region. A message from

a peer group affects more compared to the guidelines given by the seminars and conferences. We at Shoolini stand with the cause and being an educational institute understand our duty to instill good values and spread awareness against such concerns which will surely be a disaster if not controlled in near times. The students were given refreshments and a campus tour by the volunteers of the university.
