## Vice Chancellor's Message

# Welcome to a University Synonymous with Excellence

Dear Students and Parents

We are in the league of Top 150 universities and Top 200 overall in India in NIRF Rankings 2020, Ministry of Human Resource Development, Government of India. Our School of Pharmaceutical Sciences figures among Top 39 pharmacy colleges and Engineering among Top 112 engineering colleges in the country, and MBA programme is clubbed in 76-100 band of top business schools. Our achievements outclass the average of 10 best NIRF-2020 listed universities of the country.

We have also developed a research programme for bright undergraduate students so that they have one or two research papers in Scopus or Thomson & Reuter listed journals for facilitating their entry into top global university. Shoolini is today the best Science University of the Country for pursuing bachelor's, masters and doctoral degrees.

The journey to excellence has been possible due to our outstanding students and faculty, committed governance and support from the foundation, strong alliances and linkages with industry and academia, imaginative teaching and focused research, and state-of-the-art infrastructure. We are still far away from achieving our goal of being among top 200 global universities by 2022. But consistent excellent performance of Shoolini in the national rankings has shown that we are on the right path.

Our 'Mission 130' aims at hundred per cent employability of our students with thirty per cent in world class careers. I say with pride that some of India's and the world's most renowned academicians, scientists and business managers are already collaborating with us to make this mission a reality. Shoolini has developed global partnerships with 80+ international universities like Seoul National University, University of Ulster, Chung Yuan Christian University, Lanzhou University, Arkansas University, to name a few. It is my pleasure to invite you to be a part of Shoolini University and help build an institution all of us are proud to be associated with. Please do not hesitate to reach out to me for any questions or queries. I look forward to hearing from you.

**Prof Prem Kumar Khosla**  
Founder & Vice Chancellor

**Prof Prem Kumar Khosla**  
Founder and Vice Chancellor

An internationally renowned academician, with post doctorate in genetics from Oxford University, UK. Prof Khosla has added new dimensions to higher education and research in Indian Universities. He has served as Vice-Chancellor, HPAU, Palampur (HP) and as Senior Scientific Advisor to the Government of Himachal Pradesh and has been responsible for guiding its biotechnology policy.

## Introduction

# Shoolini, among India's top private universities

Shoolini University is a leader in the field of academics & has made giant strides towards delivering quality education and research, and figures among Top 150 universities in the country as per MHRD National Rankings.

We are a non-profit multi-disciplinary private university with a vision to be a top 200 global university by 2022. In addition, we aspire to provide quality and relevant education to our students at an affordable and subsidized fee structure.

To achieve this aspiration, we have designed our business model around five areas of focus: attracting and retaining top national & international faculty; forging alliances with industry & academia of repute; governing through values & transparency; building world class & environment friendly infrastructure; and attracting brilliant & needy students.

Nationally and internationally renowned academicians form the faculty at Shoolini University; one & a half dozen are post-docs and 65 PhDs who are involved in guiding innovative research to over 200 PhD scholars in a vibrant research environment.

The University has attracted more than Rupees 215 million as research grants on biotech related projects, which are funded by various national organizations. Shoolini has strategic academic alliances with leaders such as Genpact; Anand Automotive Group; several universities across the globe.

# Our System of Education

Shoolini University has adopted a continuous education system with two semesters in an academic year. Each semester is of 18-22 weeks and ends with an examination followed by a break, which is usually spent on industrial/ vocational training and educational tour to meet the degree requirements. Best practices / on-line education are being followed.

The degree is awarded under course credit system. Each course has a well-defined syllabus with specified number of credit hours for theory and practical classes. The research component also forms a part of the curriculum for postgraduate studies. The credit hours are regulated as follows:

- ❖ One credit hour of theory is one hour of classroom teaching.
- ❖ One credit hour of practical is two/ three hours of teaching in the laboratory/ workshop.

## EXAMINATION

### Undergraduate programme

The system of examination is internal. Besides, each student has to appear/submit assignment, presentation, quiz, surprise test, terminal examination etc.

### Postgraduate Programme

Examination system is internal. It comprises of quiz, surprise test, 1st term, 2nd term and end term examinations.

## EVALUATION

A student is evaluated in a course for both theory and practical, following Overall Grade Point Average (OGPA) system:

1. An undergraduate student is evaluated through continuous internal assessment and end term examination. He or she has to pass in both internal assessment and end term examination (separately in theory and practicals).
2. Postgraduate students have to pass in theory and practical examinations separately.
3. A student is declared pass only if he or she secures the following minimum Grade Points in each subject and OGPA on a scale of 10:  
Undergraduate & Postgraduate

### Undergraduate & Postgraduate Examinations (Other than Pharmacy courses)

4.0 grade point in each subject and in OGPA

### Undergraduate & Postgraduate Examinations (Pharmacy courses)

As per PCI guidelines issued from time to time

4. Based on the performance of a student, each student (other than Pharmacy) is awarded a letter grade in each subject at the end of semester. The letter grades are: O, A+, A, B+, B, C, P and F and the corresponding grade points are: 10, 9, 8, 7, 6, 5, 4, and 0.

For Pharmacy courses letter grading & attendance marks shall be awarded as per PCI guidelines.

## ATTENDANCE

As per UGC guidelines no student will be allowed to appear in theory and practical end-term semester examination if he or she does not fulfill 75% of attendance. As per academic regulations, the following marks will be awarded for attendance:

95 Percent and above	5 Marks
90-94 Percent	4 Marks
85-89 Percent	3 Marks
80-84 Percent	2 Marks
75-79 Percent	1 Mark

## MAKE-UP EXAMINATION

Students, other than Pharmacy, who fail to get 4.0 grade point in a subject have to clear the subject through re-appear examination. PCI guidelines for make-up examination shall be applicable for pharmacy students.

An undergraduate student (B Tech and B Pharma) who has not cleared all courses of the first two semesters shall not be allowed to register in the 5th semester. A student, who has not cleared all the courses of 3rd & 4th semester, shall not be allowed to register for 7th semester till he/she clears all the courses of 3rd and 4th semester. In case of other undergraduate courses, a student will not be allowed to register in 5th semester until or unless he/she clears all the previous courses.

# Our Doctoral Programme

To achieve excellence in various spheres of biotechnology, engineering, basic sciences, pharmaceutical and management sciences, Shoolini University has adopted a research driven model. The PhD programmes at the university are central to that model, providing rigorous training for academic career and producing future leaders in research and education.

To maintain high standards of research, one of the examiners for the doctoral thesis shall be from outside India. A provision is also made for the appointment of an external guide for doctoral students from outside the country to match the international standards of research. For quality research, however, the PhD guides at the level of Assistant Professors shall be associated with external mentors, a step towards achieving faculty excellence.

## **PHD COURSES**

Biotechnology/ Microbiology/ Food Technology/ Mechanical Engineering/ Civil Engineering/ CSE/ ECE/ Energy/ Disaster Management/ English/ Management Sciences/ Human Resource/ Economics/ Yoga/ Legal Sciences/ Pharmaceutical Sciences/ Botany/ Genetics/ Environmental Sciences/ Zoology/ Environmental Sciences/ Chemistry/ Physics/ Mathematics

## **ELIGIBILITY**

Master's degree in the concerned subject/ related discipline with at least 55% marks.

## **MODE OF ADMISSION**

Admission is made through Shoolini University Entrance Test (JRF/ NET/ SAT/ M Phil qualified candidates are exempted from entrance test), followed by personal interview before the admission committee of the university.

## **FELLOWSHIPS**

### **FOR PhD STUDENTS ADMITTED IN ACADEMIC YEAR 2020-21**

In view of our research focus, Shoolini University is pleased to announce various scholarships for PhD students of academic year 2020-21. Scholarships are designed in a manner to involve and benefit maximum number of students during their PhD Programme at Shoolini University. The details are as follows:

### **1.NET QUALIFIED STUDENTS**

NET qualified candidates can be appointed as Assistant Professor/ Teaching Associate/ Research Associate on a fixed salary of Rs 21,600/- for three years only. Fee will be payable as per rules. The selection process will be through an interview. Candidates are required to undertake teaching load (minimum 15 hours/ week) or publish a minimum four research papers every year (beyond the PhD requirements). Non-fulfilment will lead to discontinuation of appointment. In case there is consistent history of producing research papers with impact factor beyond five, minimum research papers requirement can be reduced on a case-to-case basis.

### **2.ASSISTANT PROFESSOR/TEACHING ASSOCIATE**

Multiple university funded scholarships (18,000/- to 21,600/- for three years only) for PhD candidates with past teaching experience and exceptional teaching abilities are available. Fee will be payable as per rules. Such candidates must undertake a teaching load of minimum 10 hours/ week and produce a minimum of two research papers (beyond the PhD requirements).

### **3.ASSISTANT PROFESSOR/RESEARCH FELLOW**

Multiple scholarships are available through extra-mural projects or through university funds for PhD students (18,000/- to 21,600/- for three years only) with demonstrated research potential in the past. Fee will be payable as per rules. Research fellows will be expected to produce four-six research papers in a year with impact factor of 2 and above. Research fellows are required to

publish a minimum four research papers every year (beyond the PhD requirements). Non-fulfilment will lead to discontinuation of fellowship. Research fellows are expected to stay in university residential premises for their research work.

### **4.EXISTING SHOOLINI STUDENTS/ALUMNI (10 ONLY)**

Selection into Shoolini's PhD programmes and scholarships will be based on a written test and interviews. Students will apply through standard application process and a scholarship equivalent to 100% of the second semester tuition fee will be awarded to selected students.

### **5.VICE CHANCELLOR'S RESEARCH FELLOWS (10 ONLY)**

This is an open competitive scholarship to any external/internal student selected for a PhD programme of the University. The VC fellows will be selected by a Committee chaired by the Vice Chancellor. They will have to pay full fee as per rules. The selected candidates will be paid scholarship amount of Rs 30,000 per semester for 2nd and 3rd Year only. VC's Research Fellows are required to publish a minimum two research papers every year (beyond the PhD requirements).

### **6.PUBLICATION INCENTIVES**

Students (not applicable to Assistant Professors/ Teaching Associate/ Research Fellow) admitted in PhD programme will get coupons for their research publications as per below. These coupons can be availed after publishing research/ review papers in Scopus listed journals only.

❖ For all papers published during PhD thesis:

IMPACT FACTOR OF JOURNAL	GRANT AMOUNT (IN INR)
3 to 5	10,000
5.1 and above	20,000
Published in 'Nature' (applicable to all PhD students)	500,000

❖ Students publishing more than 3 papers as part of their PhD are eligible for additional coupons as per the following criteria:

PAPER	GRANT AMOUNT (IN INR)
4th (minimum impact factor of 2)	5,000/-
5th & above (minimum impact factor of 2)	7,500/-

#### IMPORTANT NOTES

- ❖ PhD candidates must pay the fee as per rules specified by the University from time to time.
- ❖ PhD candidates can avail only one of the above (from point 1 to point 5) benefits/ scholarships during the first three years of the PhD programme.
- ❖ Specifically for point 6, one research paper will only be counted once and for one student. The student will need a verification note from the PhD supervisor. In papers with more than one author, the award money will be split equally between all members.
- ❖ As per rule, PhD students will not pay fee for 7th and 8th semester, but thereafter fee will be charged for the balance of the semesters.
- ❖ The above circular is applicable for the year 2021 and the academic council reserves the right to modify this without any notice.

## Academic Programmes

## PROF. ANURADHA SOURIRAJAN

PhD, Post-Doc, National Cancer  
Institute (NIH), USA

**Dean**

A post doctorate from National Cancer Institute, National Institutes of Health (NIH), USA, Prof Anuradha Sourirajan specializes in the field of protein biochemistry, genetics and molecular biology. She got her initiation into research at Indian Institute of Science, Bangalore, a premier institution for scientific and industrial research and higher education in India.

Anuradha's research spans the understanding of cell cycle regulation of yeast meiosis, exploiting medicinal plants of Western Himalayas for cancer therapeutics using yeast system, and stress control using halophile microbes and ferns. Her research focuses on questions such as: What are the targets in cell cycle that can potentially be used for blocking cancer progression? Her research findings have been widely published in internationally reputed journals. Her researches have been endorsed by extramural funding from Department of Biotechnology and Department of Science and Technology, Government of India. She has about two dozen research papers and three patents to her credit.

## Faculty of Applied Sciences & Biotechnology

Considered among the best in the country in the BioSpectrum rankings, the Faculty of Applied Sciences and Biotechnology research focuses on bio-molecular engineering, drug discovery for cancer, and microbial infections host-pathogen interaction, biodiversity and omics of extremophiles cloning and molecular characterization of industrially important proteins and enzymes, bio-fertilizers and bio-pesticides.

The Faculty of Applied Sciences Biotechnology enjoys excellent reputation for well qualified and learned faculty which include a dozen post docs trained from various institutions in USA and Europe. The Biotechnology Corporate Resource Centre acts as an interface between the students, teachers, and the corporate world for continuous interaction with the industry, sharing the industry experiences, understanding industry needs and providing the required support to the corporate world. The corporate partners include Biocon Ltd, Nestle, Pepsico, Abbott, Sentis Pharma, Dabur Ltd, Jubilant Organosys Ltd, Ocimum Biosolutions and Nectar Life-Sciences Ltd.

The Faculty has also academic alliances for exchange of students with Seoul National University, South Korea, Ulster University, Northern Ireland, University of Arkansas, USA, University of Naples, Italy, Lanzhou University, China, Sierra Bio Life, Australia, Chung Yuan Christian University, Taiwan and Transgenic Life Sciences & National Bureau of Fish Genetic Resources for collaborative biotech research and Upkar Pharmaceuticals, Tirupati Medicare and NutraHelix for strengthening programmes in Food Technology. It has formed mutually beneficial links with various industries for commercialising research leads of the university and students' projects and training.

Himachal's first commercial food testing laboratory has been set up with a financial outlay of Rs. 2.85 crore funded by Ministry of Food Processing Industries (MOFPI), Government of India. The faculty has also received a DST FIST grant of Rs. 65 lakh for setting up a proteomics facility at the university. The DST along with HPPIC, SCSTE (Shimla) also sponsored an IPR cell at the University.

In addition, the university has also received a financial assistance of Rs. 73.71 lakh under the Human Resource Development Scheme for creation of Infrastructure Development facilities for B Tech & M Tech Food technology courses by the MOFPI. The project includes financial assistance for the purchase of 26 major machines and equipment related to food processing, canning line and dairy processing line. The financial grant also includes an assistance of Rs. 5 lakh for the purchase of more than 500 book titles in the subject of food technology. The university is also looking forward to producing marketable food, vegetable and dairy based products tailored by the food processing units at a pilot scale.

Further to satisfy the requirements of the biotech industry, our graduates are imparted practical training in plant tissue culture, biotransformation, fermentation, Molecular biology, ROT, industrial microbes screening and production, biochemical analysis and standardization of analytical instruments. Graduate and post-graduate students are required to undertake research/projects.

## Summit Research Programme - A reimagined B Tech Biotechnology degree programme

Shoolini has taken the lead to develop a unique research oriented degree programme that prepares students for global opportunities at leading academic institutions and corporate R&D teams. Fully integrated with regular engineering curriculum, the Summit Research programme provides hands-on exposure to high quality research, experience with writing technical papers, personal mentorship and interactions with internationally acclaimed research practitioners and experts.

- ❖ Work with faculty and PhD students on live cutting-edge research
- ❖ Option to study and conduct lab work in premier universities abroad
- ❖ Get individually mentored by academicians and practitioners
- ❖ Need-Blind Admission policy

## CURRENT AREAS OF RESEARCH

- ❖ Anticancer and Immunomodulation Drugs
- ❖ Antimicrobials and Nano-Particle Based Drugs
- ❖ Bio-fertilizers and Pest Biocontrol
- ❖ Bioremediation and Crop Improvement
- ❖ Conservation of Himalayan Biodiversity
- ❖ Desiccation and Salinity Tolerance in Crops
- ❖ Etiology of Human Diseases
- ❖ Genetic Diagnostics of Pathogens
- ❖ Genomics, Proteomics, and Enzyme Mining
- ❖ Low Cost Food Processing Engineering
- ❖ Nutraceuticals
- ❖ Plant Host-Pathogen Interaction
- ❖ Probiotics
- ❖ Biosensor Technology

**PROF SHYAM SINGH CHANDEL**

PhD

**Dean**

Prof. S.S. Chandel, former Professor and founder Head at Centre for Energy & Environmental Engineering, National Institute of Technology, Hamirpur is an eminent expert in photovoltaics, solar thermal, solar passive building technologies, solar power generation, wind technology and bio-energy, and solar based hybrid power systems. He has formulated the Solar House Action Plan for Himachal Pradesh and the mandatory policy on solar passive housing technology. As the Principal Scientific Officer and Head of HP Patent Information Centre at HP State Council for Science, Technology & Environment, he formulated Policy on Geographical Indications and got registered Kangra Tea, Kullu Shawl, Chamba Rumal, Kinnauri shawl under GI Act. He has vast experience in coordinating national and international energy projects.

Prof Chandel is the recipient of prestigious Lifetime Achievement Award for Science Promotion by Government of Himachal Pradesh and also honored for promoting concentrated solar technologies in NIT Hamirpur and other Institutions in the state by Ministry of New and Renewable Energy, Govt. of India.

# Faculty of Engineering & Technology

Shoolini University is fast growing into a world class University with focus on high level innovative research with a multidisciplinary approach. With ever increasing demand and expectations from the present-day engineers, we are gearing up to prepare highly trained and skilled engineers and technologists to face the challenges of the fast changing technologically advanced world.

Ranked among 112 Top engineering institutions in the country (NIRF Ranking-2020), the Faculty of Engineering and Technology is committed to excellence in qualitative teaching, robust learning and proactive research with the aim to create highly qualified engineers and technologists with strong research knowledge base making a difference in the society with their high impact research and innovative interventions.

The students at undergraduate level under take innovative research projects which will further evolve them into highly trained world class researchers at Masters and PhD level. The curriculum integrates engineering with science and improves student understanding of technology and will prepare them to adopt multidisciplinary research approach.

Shoolini University's 'Sprint Program' is designed to significantly upgrade soft skills and capabilities of its engineering and technology students. Led by top corporate and industry leaders, leading entrepreneurs and professional trainers, the program involves exhaustive sessions on current affairs in relevant industry domains, soft skills, personal interviews and group discussion based on highly interactive approach. It is an accelerated learning program designed after Stanford's mini MBA.

## Centers Of Excellence

Faculty of Engineering & Technology has established following Centres of Excellence to provide wider opportunities to the students:

### Centre for Automobile Education and Research

Shoolini University has established the Centre of Excellence for Automobile Engineering by joining hands with leading industries in Automotive Engineering to achieve excellence and to produce entrepreneurs and technocrats. It is the first such Centre in the region providing academic excellence in Automobile Engineering at undergraduate, master's and doctoral level, along with imparting training to upgrade skills required by the industry.

### Centre of Excellence in Renewable Energy Technology

This Centre aims for promoting research in energy efficiency and the adoption of renewable energy sources like solar, wind, geothermal, small hydro, biomass, etc. to meet energy requirements by considering implementation of renewable energy policies at local, regional, and national levels. It will further explore current, new and alternate energy technologies including hybrid of renewable, conventional sources and fossil fuels to develop innovative technologies. The main research programme highlights of the Centre are focused on:

- ❖ Wind, solar & other renewable energy resource assessment in the Himalayan region.
- ❖ Solar power generation; solar roof top power plants.
- ❖ Energy & Environment Policy concerns.
- ❖ Solar thermal; Concentrated solar development & applications.
- ❖ Energy storage; Renewable based hybrid energy Systems

- ❖ Passive solar heating and cooling technologies; Green buildings; Energy conservation efficiency in industry & buildings.
- ❖ Energy Security: Lesser dependence on oil imports through development and deployment of alternate fuels (hydrogen, biofuels and synthetic fuels) and the applications to contribute by bridging the gap between domestic oil supply and demand.
- ❖ Increase in the share of clean power: Renewable (Bio, wind, hydro, solar, geothermal & tidal) electricity to supplement fossil fuel-based electricity generation.
- ❖ Energy Availability and Access: Supplement energy needs for cooking, heating, power generation in rural, urban, industrial and commercial sectors.
- ❖ Energy Affordability: Cost-competitive, convenient, safe.
- ❖ Energy Equity: Per-capita energy consumption at par with the global average level by 2050, through a sustainable and diverse fuel-mix.

#### **Centre for Excellence in Visionary Learning Community of India (VLCI)**

This Centre has been established by Padam Shri Professor Shoji Shiba in collaboration with Japan International Cooperation Agency (JICA) and Confederation of Indian Industries (CII). The aim of the program is to create great visionaries/ leaders to upgrade the standard of Indian manufacturing sector and to create industry ready students.

#### **Remote Centre for “AAKASH for Education”, IIT Bombay**

This remote Centre is running in the School of Electrical and Computer Science Engineering. The Centre has excellent infrastructure and good faculty with expertise and experience

#### **Amazon Web Services (AWS) Academy**

This academy provides training and certification model designed to validate the knowledge of professionals as per the growing and changing demands of the IT industry. To keep up with the standards, one can take the certification and expect a great rise in terms of position and pay scale of course.

#### **International Students and Faculty Exchange**

As a part of international tie-ups with various organizations, Shoolini University has in place an exchange programme for students and faculty to pursue studies and undertake research at respective foreign Institutions. Under the student exchange programme, more than 200 students have gone for studies and

research in various reputed universities/ institutions in South Korea, Taiwan, China, Italy, South Africa, Australia, and USA. In South Korean universities, they have been awarded fellowships to meet their boarding, lodging and tuition fee expenses worth Rs.5 Lakh/semester. As many as forty students have also availed higher studies opportunity in different foreign Universities with scholarship worth Rs. 10-12 lakh/year. From outside India, twenty students from South Korean, China, Turkey, Afghanistan, Ethiopia and Taiwanese are studying at Shoolini University.

On the faculty exchange front, Dr Hyoung-In-Lee, Research Professor from Seoul National University and On Cham Lee taught Shoolini B Tech students for a fortnight. A number of foreign teachers are currently teaching at campus. The university has a regular foreign faculty teaching German and Chinese languages at the campus.

#### **FACILITIES**

Mechanical Engineering Workshop/ Well-equipped Mechanical and Civil Engineering labs/ Physics & Chemistry Labs/ Computer Labs with broadband connectivity OptiPlex Dell high end machines/ Electrical Engineering Labs/ Electronics & Communication Labs/ Computer Science & Engineering Lab/ CAD/CAM Lab/ Tinkering Lab/ Seminar Halls/ Tutorial Rooms

#### **CURRENT AREAS OF RESEARCH**

- ❖ Big Data
- ❖ Image Processing
- ❖ Cloud Computing
- ❖ Wireless Sensor & Networks
- ❖ Cryptography & Network Security
- ❖ Transparent Conducting Oxide Films

### Hospitality and Hotel Administration

Globally, hospitality and hotel management are growing sectors. According to the World Travel & Tourism Council, India's travel and tourism sector is expected to be the second largest employment provider in the world. Viewing this phenomenal growth, tremendous shortage is projected in technically skilled professionals at all levels both in Indian and global hospitality sector. Our three years BSc degree in Hospitality and Hotel Administration with a focus to give students key competencies related to hospitality business, communications and human relations that will allow them to work in different service sectors around the world.

### Yogic Sciences

Considered as the birthplace of Indian culture including yoga, the Himalayas with cool summers and pleasant sunny winters are the ideal destination for pursuing yogic practices and scientific research. With the declaration of 21st June as International Yoga Day by the United Nations, there has been tremendous interest and increased awareness of the benefits that practicing yoga has on our mental and physical health. As a consequence, several job opportunities are available for yoga professionals and researchers in various fields like educational institutions, health resorts, gymnasias, medical institutions and therapy centres both within and outside the country. The programmes have been designed to provide both theoretical knowledge and hands-on training, besides transformational learning of students under the direction of experienced teachers, spearheaded by Prof PK Khosla, Vice Chancellor.

### Journalism and Mass Communication

Under the mentorship of well-known and nationally acclaimed journalist Mr. Vipin Pubby, a long-term former Editor of The Indian Express, the 3-year BA in Journalism and Mass Communication course equips students with the skills needed for careers in reporting, journalism, advertising, news analysis and public relations. During his 37 years+ experience in journalism, Vipin Pubby has reported extensively from across the country, including from the National Capital, the North-East, Gujarat, Jammu and Kashmir, Punjab, Haryana and Himachal Pradesh, and abroad. He has trained hundreds of young journalists many of whom are established names in the national print and electronic media.

### English Language & Literature

A well-known and globally acclaimed Prof Manju Jaidka mentors the two-year MA (English) and three-year BA (Hons) English

courses with the skills needed for professional career in teaching, editing, creative writing and corporate training. Being the part of Sahitya Academy, Chandigarh and several literary bodies, Prof Jaidka's intellectual experience not only help learners to have the insights of literary world but also expose them to the needs and requirements of the professional life. Each programme covers every genre of language and literature focusing on research and career oriented activities. Being the knowledge partner with various literary events, students learn the various aspects related to literature through the interaction with renowned personalities of the field.

Prof Gupta is former Professor of Law, Himachal Pradesh University. He possesses 30 years of teaching experience and is expert on constitution law, intellectual property law, labour law and company law. He has published 17 research papers in peer reviewed journals and participated in 13 regional and national conferences and seminars. Prof Gupta has guided research to 50 LLM and 7 PhD students. He has been visiting faculty/ resource person at HP Institute of Public Administration, HP University Academic Staff College and HP Cooperative Institute.

# Faculty of Legal Sciences

As a student at the School of Law, you will be exposed to legal principles in a wide array of topics and also learn analytical and critical-thinking skills from experienced legal practitioners, providing consultancies to law firms and corporate world. The School offers a great learning experience and a pathway to successful practicing or non-practicing legal career. Need for legal services in new areas of law such as cyber law, international business transaction law, health care and environmental laws, and intellectual property rights (IPR), has opened unlimited career opportunities with competitive starting salaries.

## PROF DEEPAK NANDKISHORE KAPOOR

PhD

Dean

Prof Deepak Kapoor got his PhD in Pharmaceutical Sciences from UGC-CAS, UIPS, Panjab University, Chandigarh. He has more than ten years of teaching, research and industrial experience. In industry, he has worked on formulation, and research and development for international regulated and domestic markets. Prof Kapoor's key areas of extensive research represent development of novel drug delivery systems with a focus on nanoparticles, nanoemulsions, niosomes, liposomes, ethosomes, and implantable, topical and transdermal systems. He has various national and international publications in the form of a monograph series book, book chapters, and research and review articles. He has also filed patents on development of novel pharmaceutical formulations.

# Faculty of Pharmaceutical Sciences

School of Pharmaceutical Sciences is Ranked 39th among Top Pharmacy Colleges in India in NIRF Ranking 2020 by the Ministry of Human Resource Development, GOI. The B Pharmacy programme is accredited by National Board of Accreditation (NBA).

The school focuses on excellence in teaching, promoting lifelong-learning and preparing students for challenges in the field of pharmacy, committed to produce quality human resource as per the requirements of the industry and community for the welfare of the people and to build national healthcare system. It is approved by AICTE and PCI and has Memorandum of Understandings/ collaborations with several reputed multinational pharmaceutical industries for the student internship/ training and research activities. It is fascinated with highly qualified and experienced faculty including PhDs who enjoy national and international reputation for research and education. In addition to teaching and research, our faculty members are also involved in professional activities such as consultative services for pharmaceutical industry, clinical pharmacy practice, drug information services, and analysis of traditional remedies.

The National Conference on 'Drug Discovery, Development and Clinical Trials'; National Seminar on 'Importance of Cell Lines in Pharmaceutical Research in India' and 'An Interface for bridging the skill gap between Industry & Academia'; National Conference on 'Research Trends in Future Drug Development: Exploration of Aromatic Flora'; Workshops on 'Emerging Trends in Pharmacological Education & Research'; Celebration of World Pharmacist Day and 'Pharma-Sprint' are some of the important events organised at the School.

## **Summit Research Programme - A reimagined B Pharmacy degree programme**

Shoolini has taken the lead to develop a unique research oriented degree programme that prepares students for global opportunities at leading academic institutions and corporate R&D teams. Fully integrated with regular engineering curriculum, the Summit Research programme provides hands-on exposure to high quality research, experience with writing technical papers, personal mentorship and interactions with internationally acclaimed research practitioners and experts.

- ❖ Work with faculty and PhD students on live cutting-edge research
- ❖ Option to study and conduct lab work in premier universities abroad
- ❖ Get individually mentored by academicians and practitioners
- ❖ Need-Blind Admission policy

## **CURRENT AREAS OF RESEARCH**

- ❖ Sustainable utilization of Himalayan biodiversity
- ❖ Biological potential of natural products for treating human diseases and disorders
- ❖ Formulation and development of pharmaceutical preparations
- ❖ Drug Delivery Systems
- ❖ Drug Discovery and QSAR Modeling

## **Linkages with International Academia and Multinational Pharmaceutical Industries**

The School of Pharmaceutical Sciences has a quadripartite alliance with the Pharmacy and Poisons Board (PPB) of the

Government of Kenya, Tirupati Medicare Ltd and Venus Remedies Ltd. for joint research. It has also developed alliances with well-established concern like, Zydus Cadila Healthcare Ltd, Fresenius Kabi Oncology Ltd, Alkem Labs, Alembic Ltd, Meridian Ltd, Ozone Ltd Macleods Pharma, Tripuati Medicare Ltd and US Vitamin Ltd for student training and research projects.

The School has research projects from DST, ICMR, DRDO and INMAS, and consultancy projects from Meridian Medicare Ltd,, Tirupati Medicare Ltd., All India Institute of Ayurveda, New Delhi and Uttarakhand Ayurveda University, Haridwar.

### Academic & Research Scholarships

The School of Pharmacy is recognised for the award of AICTE-GPAT scholarships for the following M Pharmacy in Pharmaceutical Chemistry and Pharmacology.

## **PROF ADESH K SAINI**

PhD; Post Doc NICHD, USA

**Dean**

Dr Saini received his PhD from University of Delhi for research on understanding pathogenesis of Mycobacterium tuberculosis, which causes the dreadful disease of TB. He was awarded a Post-doc Fellowship at NICHD, National Institutes of Health, Bethesda, USA, to work with Dr Alan G Hinnebusch from 2006-2011. The key focus of his post-doc research was to unravel intricacies of protein synthesis regulation in active collaboration with John Hopkins Medical School, Baltimore, USA. The focus of Dr Saini's Laboratory of Gene Regulation is in the specific area of redox biology by using yeast and mammalian cells. Cellular redox imbalance is one of the leading causes of cancer and other diseases. Other thrust areas of research are: role of proteins in balancing the levels of free radicals in cells by using genetics, molecular biology, biophysics and chemistry, and role of yoga interventions for maintaining redox health of cells.

## Faculty of Science

The Faculty of Science is dynamic and progressive in its development of new programme initiatives. It is well placed to contribute substantially to the goal of Shoolini University becoming a research-led organisation. The teaching is by way of interactive sessions between students and teachers. Our programmes ensure a coherent degree structure while encouraging interdisciplinary approach. The faculty members keep themselves abreast with new findings through regular academic activities such as seminars, workshops and conferences. They have also developed liaisons with research institutions of repute in India and abroad. Their research activities are well-funded through extra-mural research funding from government agencies such as DRDO, DST, etc. Our research-led teaching paves the way for entry into different careers since it equips students with advanced transferable skills in information gathering, analysis and presentation, which are vital tools in the field of science. Graduate and post-graduate students are required to undertake research/projects.

## **PROF Y S NEGI**

PhD

**Dean**

An agricultural and natural resource economist by interest and training, Prof. Negi has his PhD from the University of California, Berkeley. He is a well known teacher and researcher and has handled a number of projects in the field of agriculture, natural resource economics and agribusiness management. Before joining Shoolini University, Prof. Negi also served at the Agro-economic Research Centre, Shimla, HPKV, Palampur, and Dr YS Parmar University, Nauni, Solan. He has been on different committees as a socio-economic expert at IIHS (UGC centre of excellence) HP University; ICFRE, Dehradun, HFRI, Shimla.

# Faculty of Agriculture

The Faculty of Agriculture aims to instill in our graduates a variety of technical and managerial skills to prepare them to take challenges of the fast changing field of agriculture. The four year graduate degree programme of the Faculty is being run as per the guidelines of the Indian Council of Agricultural Research. Students have the option to choose electives in the second year of the programme. Course modules like Rural Agriculture Work Experience & Agro-industrial Attachment and the experiential learning programme give the students a hands-on experience and confidence to face the real life challenges in their agri-entrepreneurial endeavours. Growth and development of agriculture is important for overall economic development as the expansion of market for industrial goods and services hinges on agriculture growth. Agriculture would continue to require trained human resource in its various sub-disciplines, especially scientific agriculture. Agri-graduates would thus have a variety of career choices with lucrative compensation packages.

## School of Agriculture

Being an agro-based economy, India has made rapid strides in agriculture sector. Efforts are being made to improve food production in the country and doubling farmer's income through diversified farming coupled with product processing. The need is to associate processing units along with the farm produce so that the farmers, particularly in hilly areas, are able to raise their economic status. Modern agriculture practices, however, have emerged as highly knowledge based systems. Accordingly, our farmers require agriculture education at all levels so that they are better equipped to handle various challenges, especially that of globalization. We are committed to produce able agriculture

scientists and engineers, who are well equipped to meet the challenges of climate change and nascent second green revolution.

Other Information

## Scholarships

To attract meritorious students and as a part of its social responsibility, Shoolini University has instituted significant number of scholarships. This initiative of Shoolini University is aimed at rewarding the hard work of students towards achieving excellence in education and also removing the barriers to higher education for students from low income groups.

## Hostels

Admission to the hostels will be on annual basis, but the charges can be paid semester wise. Hostel accommodation will be allotted only on the production of ID card and hostel fee receipt. As far as possible, the wardens try to accommodate the candidates with the roommate of the same batch. However, it may not be possible to do so in all cases at time of admission. Also, certain hostel and room types are in greater demand and senior students have priority in the allotment of rooms. Provision of hostel accommodation to the admitted students is subject to availability of rooms and allotment will be made on first come first serve basis. In case of non-availability of rooms, candidates must make their own alternate arrangements. However, the university will assist the students in finding accommodation in decent paying guest houses with good antecedents.

### Hostel residents are required to adhere to the following rules and regulations:

- ❖ The right of admission to the hostels is reserved.
- ❖ Admission to the hostels will be open at the beginning of the session.
- ❖ Admission shall have to be sought afresh in every academic session and will be confirmed subject to the following conditions:
  - a) Receipt of a duplicate admission form duly signed by the parents/ guardian of the resident. At the time of admission an applicant will fill such a form and attach a duly stamped envelope addressed to his/ her parents/ guardian.
  - b) Satisfaction of the Dean Resident Students (DRS) regarding proper conduct and regular payment and dues of hostel, mess, and canteen in case of ex residents.
- ❖ Residents should not keep cash or jewelry or other valuables in their rooms. The responsibility for safety of their belongings will be entirely that of the residents, who are advised to take out an insurance against theft and fire. The management will not be responsible for any loss.
- ❖ Consumption of alcohol/ intoxicants/ smoking is strictly prohibited. Anyone found indulging in the above will be liable to face disciplinary action including expulsion from the Hostel.
- ❖ Residents permitting or abetting unauthorized occupation of the rooms/ seats shall be liable to
  - a) Expulsion from the hostel.
  - b) Forfeiture of securities.
  - c) Imposition of a fine depending upon the extent of indiscipline.
- ❖ In case of non-payment of dues or violation of any one of the hostel rules by a resident, the DRS may get his/ her room locked/ vacated.
- ❖ Every resident shall be responsible for the safety of the furniture/ fixtures in the room. Furniture is not to be removed from one room to another. Damage to hostel property is a serious offence; any resident found guilty of damaging hostel property will be liable to disciplinary action as per hostel rules including expulsion from the hostel/ university.
- ❖ Use of electrical appliances, other than permitted ones, is strictly prohibited in the hostel.
- ❖ Residents should observe strict economy in the use of electricity and water. They are required to switch off the lights, fans and other appliances as and when they leave their rooms, common room and dining hall. They should keep the geysers in the bathrooms off when not in use.
- ❖ Residents are not to tamper with the electrical and sanitary installations. The cost of repair/ replacement due to any damage done to them will be realized from the residents.
- ❖ Students are not allowed to carry mess plates in their rooms. Food will be served in the room only if a student is sick, on depositing Identity card.
- ❖ Hostel allotment is for one year. A student cannot leave the hostel in mid semester.
- ❖ During summer break, all students have to vacate the rooms and put their belongings in cloak rooms.
- ❖ Hostel fee is subject to revision.
- ❖ Students have to keep their rooms neat and clean. Their rooms will be inspected by wardens periodically.
- ❖ Washing of clothes (except under clothes) in the hostel is prohibited. Laundry services are provided and are to be used by the students.
- ❖ Parents/ Visitors are not allowed entry beyond the designated area or visiting room as it shall disturb other students.
- ❖ Possession, distribution and consumption of alcohol, prohibited drugs, chew able tobacco, smoking in the hostel complex is not allowed.
- ❖ Students will follow proper channels for getting their problems addressed.

- ❖ Parents, friends and visitors are not permitted to stay in resident's room.
- ❖ No resident shall remain absent from the hostel during night without written permission of the warden.
- ❖ Application for leave for absence from the hostel shall be made in advance to the Warden. Residents will make sure that their leave applications are sanctioned before they leave the hostel.
- ❖ If a student residing in the hostel abstains from the classes without bonafide reasons, he/she shall be asked to quit the hostel.
- ❖ Hostel charges are to be deposited for the whole academic year at the time of admissions. Under special circumstances, it may be paid in maximum of two installments but with the prior permission of the Vice Chancellor. Hostel charges once paid are not refundable.
