APPRECIATION LETTER

Dear Dr. Khosla

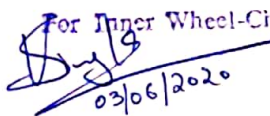

Greeting from Inner Wheel Club Chandigarh Central.

I would like to express my sincere thanks to Shoolini students and the YouWeCan doctors who have supported several of our medical camps which were held in Chandigarh for detection of breast and oral cancer.

Your students work unselfishly for good causes and one can see that they genuinely care for the welfare of the society. Shoolini is undoubtedly raising not only good students but great human beings as well.

We truly appreciate the work of these students and hope that they continue to lend their support in great causes like cancer awareness.

Yours Sincerely

For Inner Wheel-Chd. Central
